Quality Products that Work for You...

STONE Quality • American Made

Quality comes first at Stone. We've been making handcrafted products for livestock producers since 1932. Over the years we've learned a great deal about quality. You can see it in the meticulous detail and workmanship of our products, and you can feel it in the way they perform.

We know you're only going to choose Stone products if they perform to your complete satisfaction. Above all, we understand that our products must not only make your job safer, easier and more effective, they must also add to your bottom line.

We value quality and performance just as much as you do. The best way to appreciate the true quality of a Stone product is to experience it for yourself. We take pride in making products that work for you.

Cattle Dehorners

A full line of Dehorner Supplies

The Stone Quality Difference

Surgical quality instrument. Precision cutting edges perfectly matched, hand fitted. Hardened steel for precise cutting and years of dependable service. Stone products are designed and built to perform to your complete satisfaction – "Quality Products that work for you."

Dehorning

Electric Dehorner

24210

Lets you decrease stress by dehorning at a young age. Searing action reduces blood loss. Quick, easy use. Fast results. 110 Volts, 240 Watts.

Product # 24210 – Electric Dehorner (inside diameter – 7/8")

Stone Double Dehorner

24310

- Saves time: One instrument handles newborns 3-10 days old, flip it over for larger calves up to 12 weeks (some breeds to 6 months).
- Cauterizing action reduces blood loss and helps prevent infection after mechanical dehorning.
- Solid brass heating element for long life.
- Stays hot longer. 110 Volts, 240 Watts.

Product # 24310 – Stone Double Dehorner (inside diameters – 3/4" and 1")

Barnes Precision Knuckle Saver Dehorning

18° offset tubular steel handles, lets you fully close cutting edges in much less space. Ideal for close quarters – holding pens, around headlocks, squeeze chutes. Heavy duty, precision Barnes instrument with sharp, hardened cutting edges, built to last. Only 16" long.

Product # 24229 – Large Knuckle Saver (jaw opening 1-3/4" x 3")

Product # 24249 – X-Large Knuckle Saver (jaw opening 2-1/4" x 3-1/2")

Barnes Precision Dehorning

Surgical Quality Instrument

Precision cutting edges perfectly matched, hand fitted for precise cutting, no binding, no skin tags. Heavy duty hardened steel with rust resistant oxidized finish. Heavy duty steel handles on all sizes, rubber grips. Quality built for years of dependable service. Three sizes: Small, Large and Extra Large. Stone Barnes Precision Dehorning make dehorning faster, easier, and more complete than you ever thought possible.

Product # 24208 – Small, 13" (jaw opening 1-1/4" x 2-1/2")

Product # 24209 – Large, 17" (jaw opening 1-3/4" x 3")

Product # 24245 – X-Large, 17" (jaw opening 2-1/4" x 3-1/2")

Tube Dehorner

Designed especially for use on calves up to four months old. First choice of many dairymen and stockmen. Precision cutting edges. Rust resistant black oxidized finish. Fits the horn at base for quick, easy removal. Hardwood knob handle. Four size choices.

Product # 24220 – 3/4" dia. Tube Dehorner

Product # 24221 – 7/8" dia. Tube Dehorner

Product # 24222 – 5/8" dia. Tube Dehorner

Product # 24223 – 1" dia. Tube Dehorner
